Various Access

Yale YMF40 has various access solutions, Fingerprint, PIN code, Key override, Remote Control for your convenience.

Mechanical key override

For emergency, it can also be unlocked with a mechanical key.

Operation Status Notification

Whenever any operation is made, the keypad informs you what is happened through different alignment of the numbers.

Voice Guide Feature

As the voice guide is offered that lets you know the operation status and how to set each feature and mode for easier and more convenient use.

Automatic Locking

The Yale series automatically locks the door after checking it is properly closed. (Manual operation is also available.)

One-touch Fingerprint Verification Method (Easy Scan)

Easy Scan technology has been applied to conveniently read a fingerprint in one shot to enter a fingerprint.

Alarm (Break/Damage/Fire)

80dB alarm goes off if anyone attempts to damage the lock or force the door open, or if the lock detects over 55°C.

Low Battery and Emergency Power

It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply emergency power to the lock with the standard 9V battery.

Fake PIN code

To prevent the PIN Code from being exposed, It allows you to enter Fake numbers before or after entering your PIN Code.

Remote Control (Optional)

Remote control type is also available. Wireless Floating ID technology is adopted and works up to 50m.
